Carrying Cases

Table Top Window Carrying Case

The Table Top window carrying case is a "buck frame" with handle and swivel bottom, which allows you to protect, transport and display your window. DAC's "L-stop" systems makes the window installation easy. Table Tops may be printed with your logo or marketing information for an additional charge (See Artwork & Graphics Section).

Pop Up / Fold Down Window Carrying Case

The Pop Up / Fold Down window carrying case is a "buck frame" within a hard case, which protects your window during transporting. The frame pulls up and out of the case like the Pop Up above but, because part of the exterior case first folds down, the window is displayed at a lower level. This creates a display, which serves well for in home demonstrations. DAC's "L-stop" systems makes the window installation easy. Pop Up / Fold Downs may be printed with your logo or marketing information for an additional charge (See Artwork & Graphics Section).
